

# Università Politecnica delle Marche

Scuola di Dottorato in Scienze dell'Ingegneria

## **DIDACTIC OFFER**

### **for the academic year - 2025/26**

Monday, November 21<sup>th</sup> , 2025

Room B7/8

h. 10.00-11.00

**Prof. Stefano Lenci – Director of the Doctoral School in Engineering Science ([lenci@univpm.it](mailto:lenci@univpm.it))**

with participation of members of the Council of the Doctorate School and Coordinators of Doctorates

**Prof. Paolo Castellini** – Head (Coordinator) of PhD program in **Industrial Engineering**

**Prof. Luca Pierantoni** – Head (Coordinator) of PhD program in **Information Engineering**

**Prof. Francesco Fatone** – Head (Coordinator) of PhD program in **Civil, Env. Eng. and Architecture**

**Credits: Prof. Nicola Paone**

# Welcome

---

- These academic year you are 45 new PhD students, and we are proud of you
- We are at your disposal, so please feel free to contact us, anytime

# Outline

---

- Introduction
- Purpose of the didactic offer
- Minimum attendance requirements
- Organizational aspects (attendance, Moodle, web-streaming, ....)
- Courses offered for Academic Year-25/26
  - objectives and programmes
  - timetable

# Introduction

---

Why undertaking a PhD ?

To become a **professional researcher**:

A PhD is a relevant qualification to pursue:

- a **career in academia** (in this case PhD is mandatory)
- a **career in research institutions** (PhD is highly appreciated)
- a career in **innovative companies** (industrial or services) (a PhD degree can be a booster your career)

# Introduction

---

**A good PhD graduate is much more than a good researcher !!**

Main characteristics of a successful PhD graduate:

- analytical and research skills
- autonomy and independent thinking
- team working (capacity of listening, empathy, positive thinking, .....)
- management skills (planning, monitoring, controlling complex activities)
- communication skills
- leadership

# Introduction

---

## Some suggestions for a good start

- You are not anymore a «simple student» – you are a PhD candidate, behave accordingly !
- This is the first step in your professional career:
  - Be aware of how the university is organized (structures, people, rules, ....)
  - Work with your tutor and your research team being proactive, not passive
  - Define objectives, plan your time, take note of actions

Overall, be professional !

# The PhD School in Engineering Science

---

Purpose: **coordination of activities** of the three  
Doctoral Courses offered by the Faculty of  
Engineering:

---

Doctorate course in **Civil, Env. Eng. and  
Architecture**

---

Doctorate course in **Industrial Engineering**

---

Doctorate course in **Information Engineering**

---

# Purpose of the didactic offer

1. Organize occasions where PhD students of different courses meet together
2. Stimulate interest beyond your specific field of research – widen-up your perspective
3. Comply to legal requirements
  - DM-301 del 23-2-22 (art. 3.2) «.....attività, anche in comune tra più corsi di dottorato, di formazione interdisciplinare, multidisciplinare e transdisciplinare (perfezionamento linguistico e informatico; attività nel campo della didattica, della gestione della ricerca e della conoscenza dei sistemi di ricerca europei e internazionali, della valorizzazione e disseminazione dei risultati, della proprietà intellettuale e dell'accesso aperto ai dati e ai prodotti della ricerca, dei principi fondamentali di etica, uguaglianza di genere e integrità.»

# Purpose of the didactic offer

---

**The Doctoral School  
in Engineering  
Science has started  
offering a set of  
courses since 2010**

**Mix of:  
transversal course  
disciplinary courses**

**Offer slightly changes  
from year to year**

**IMPORTANT: at PhD  
level, didactic should  
be a stimulus for your  
personal growth –  
*you are then  
expected to deepen  
your knowledge  
independently***

# Minimum attendance requirements

---

During their first year of doctorate, doctoral students are required to follow courses for at least 48 h.

---

The attendance will be checked by collecting signatures (QR code) in the classroom and the PhD student is required to attend at least 75% of the course hours.

---

The verification of the acquired knowledge will be carried out according to the procedures defined by the individual professors.

# Where to find information

---

- Central web-site of UNIVPM  
[https://www.univpm.it/Entra/Ricerca/Dottorato di Ricerca /Didattica comune](https://www.univpm.it/Entra/Ricerca/Dottorato%20di%20Ricerca/Didattica%20comune)
- Web-site of Engineering faculty  
<https://www.ingegneria.univpm.it/content/scuola-di-dottorato-scienze-dellingegneria?language=it>

# Courses offered for AA-25/26

## Organizational aspects: web-streaming/recording

---

- Courses will be held in presence
- Course will also be provided in live web-streaming
- Recorded files could be made available on Learn for download and delayed play-back (depending on teacher availability)
- We will use Microsoft TEAMS
  - Slides
  - Video
  - Audio
- A specific TEAM for each course will be created by each professor and made available to PhD students enrolled in the course
- Each course has its own Learn environment (you can find the link of the PhD School webpage)

# Courses offered for AA-25/26

## Organizational aspects: proof of attendance

---

- When in classroom, scan the **QR code** generated during each lesson
  - Install an App for QR code reading on your cell-phone
  - When you sign-up, **USE your PhD credentials** (not the one you had when you were an undergraduate student !)
  - If errors occur, your professor will be able to record your attendance manually
- If you follow through web-streaming, scan the QR code on the screen
- In case of delayed attendance (download and play-back of recorded lessons), take proper arrangements with your professor so to inform him (*delayed attendance should be avoided and in any case it is considered as an unusual emergency attendance mode*)

# Courses offered for AA-25/26

## Organizational aspects: questionnaire

---

- At the end of each course you are asked to fulfil an online questionnaire at the link
- [https://istanze.univpm.it/rwe2/module\\_preview.jsp?MODULE\\_TAG=DID\\_DOT\\_VAL&ELANG=it&IATL=it](https://istanze.univpm.it/rwe2/module_preview.jsp?MODULE_TAG=DID_DOT_VAL&ELANG=it&IATL=it)
- We are very interested in listening from you!

Phd Students who don't have a mobile phone will have to ask the professor to enter their credentials manually in the attendance register.

## **Courses offered for AA-25/26**

Organizational aspects: Learn environment <https://learn.univpm.it/>

---

- Each course will make use of Learn environment at different level
- In any case:
  - Sign-up as participant to the course you are planning to attend it
  - Take arrangements and follow instructions of your professor

## NOW IT IS UP TO YOU !

Be proactive, most of what you will get depends:

- on you,
- on your research team
- on your personal involvement

Now you are a PhD candidate !

For any question, doubt, proposal:

- talk to your Tutor or Coordinator of your Doctorate, and to me if you need
